Frazier School Board

The School Board of Frazier High School is the policy-making body of our school. The members of this board serve as direct links between the electorate and the school. These directors are responsible to the people for all the decisions that they must make concerning Frazier's educational system. Members are elected at large for a four or six year term.

Mrs. Imogene Forrest

In Memoriam

In January of this year we suffered the loss of one of our devoted educators, Mrs. Imogene Forrest. She was a superb teacher and a valued friend to all who were fortunate enough to know her.

Mrs. Forrest was the Home Economics' teacher at Frazier High School for 16 years. We will miss her greatly, but we will never forget her. The skills which she taught and her infinite devotion to her profession shall be remembered by all who knew and worked with her.

This school, the town community, and her church community have been enriched by her life and have suffered a great loss by her death.

Thus, we pay our lasting tribute to Mrs. Forrest. "Her line is gone out through all the earth and her words to the end of the world."

Farewell, and rest in peace with God.

Dedication

Miss June Rolison, R.N.

Just as Miss Rolison has dedicated many years of her life to the students of Frazier High School, we the seniors dedicate this year's **Flame** to her.

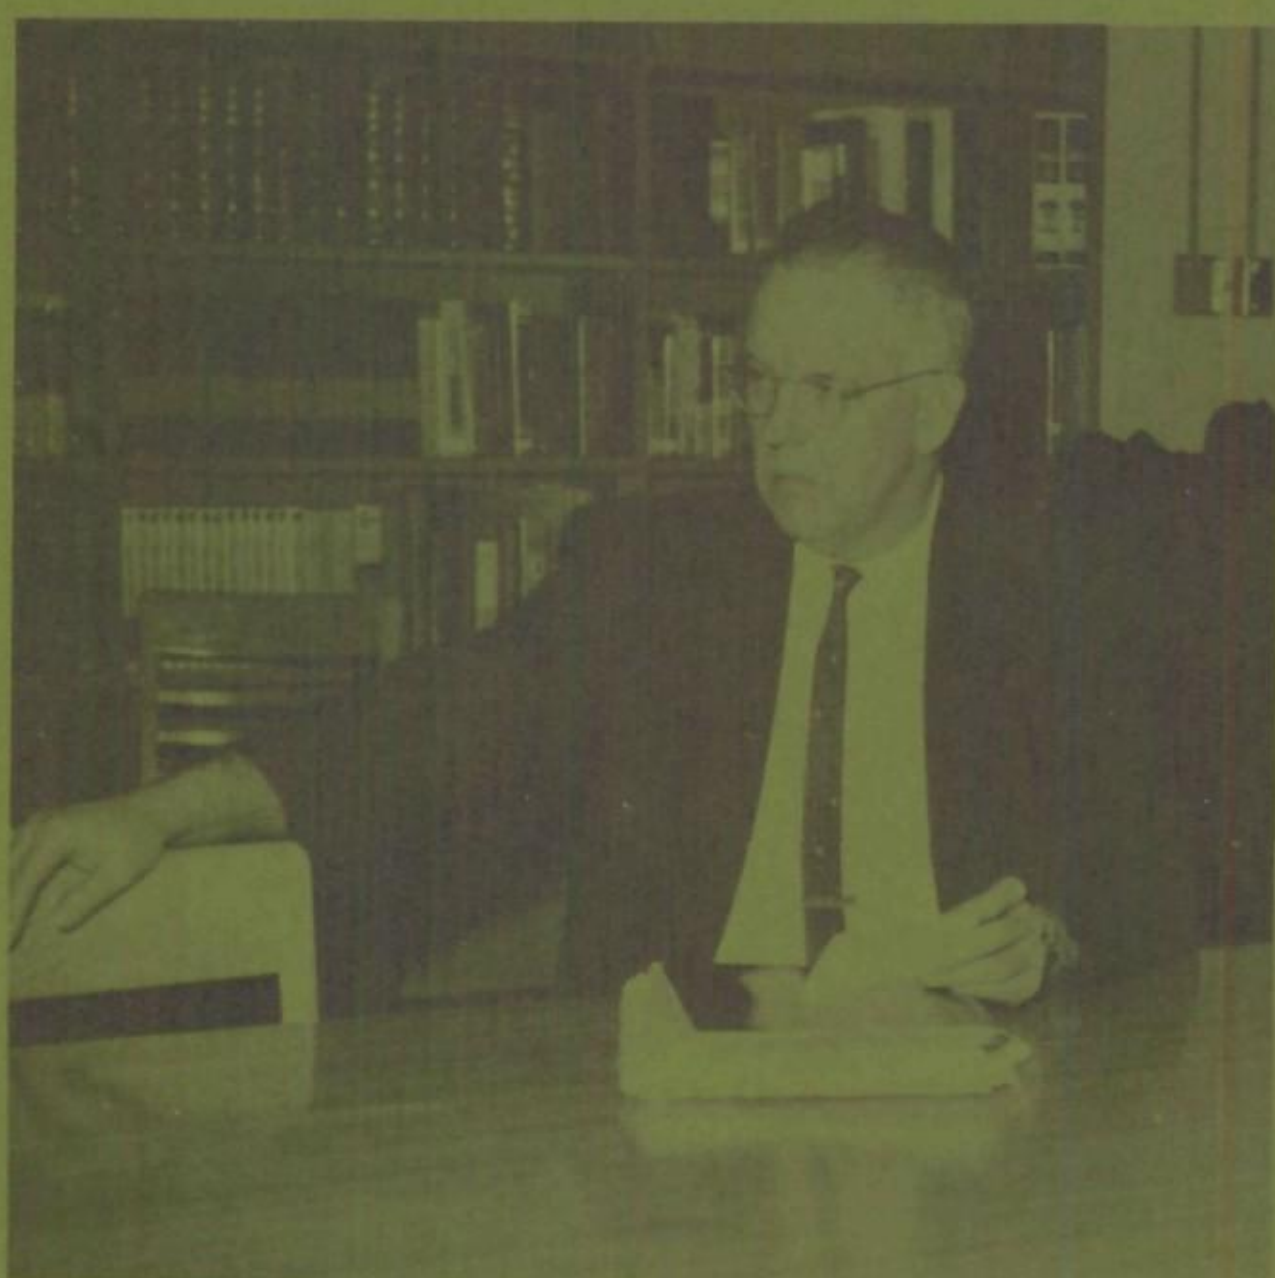

As school nurse she has immeasurably contributed to the well-being of the entire student body. We will never forget the understanding, guidance, and care which was always readily offered whenever it was needed. Under her direction the members of the Future Nurses of America have been guided toward a better understanding of the world in which we live. As we leave Frazier High School and go our separate ways, we will take with us the memory of the kindness and concern manifested by Miss Rolison.

Students about to pass through the doors leading to the adult world need a firm and experienced hand to lead them, and we at Frazier are fortunate to have just such educators.

The Lovely Basketball Fantasy Queen this year was Pam Seman. As the daughter of Mr. and Mrs. John Seman, she resides in Perryopolis. A senior in the secretarial course, Pam plans to obtain a secretarial job after graduation. Everyone agrees that Pam made a very charming queen for Frazier's 1967-68 basketball season.

Throughout the year members of the staff have been compiling information and taking photographs to record the events of this school year, which includes sports, activities, classes, faculty, and students just being themselves.

Many different projects were used to help finance the 1968 *Flame*. The members sponsored two dances after basketball games, a Senior girls' basketball game, a drive to collect labels which were redeemed for money, and a Spring Fashion Show. In each of these endeavors the staff exhibited the enthusiasm and determination necessary for any successful project.

The Student Council is a representative government of the student body in our high school. Each homeroom is represented by at least one member in the Council, and the larger homerooms usually elect two members. Officers of the Student Council are elected by the entire student body.

Problems or questions that may trouble the high school students are brought to the Student Council meetings for discussion and action if necessary. The Council also sponsored the Football Fantasy and the sale of candy bars.

NATIONAL HONOR SOCIETY

The National Honor Society of Frazier High School is a very worthwhile organization. Its purposes are to promote leadership, to create an enthusiasm for scholarship, to stimulate a desire for service, and to develop character in the students of the school. The main goal of the society is to raise money for scholarships which will be given at the end of the school year to any student who meets the requirements set by the society and the school. Membership in the National Honor Society is more than an honor; it is an obligation and a responsibility. Once selected, the members must continue not only to demonstrate those qualities which brought about their selection, but also to promote those qualities of Leadership, Character, Scholarship, and Service, for which the National Honor Society stand.

SENIOR ADVISORY COUNCIL

The Senior Advisory Council consists of the officers of the Senior Class and the officers of each Senior homeroom. The President of the Senior Class serves as chairman of the Council.

Before each Senior Class meeting the Advisory Council meets to go over business which is to be discussed at the next Senior Class meeting. This eliminates much of the confusion that could result if a general outline of topics had not been decided upon before the meeting.

The Art Club was established to introduce its members to the various medias: pottery, oil painting, water color, ceramics, pen and ink, and scratch board. Each week the members meet for two hours in the evening to work on their projects. Every spring they have an exhibit of their works in the art room for the public to view. With the dues they've collected throughout the year, the Art Club members attend other exhibitions in the area, learning many new techniques.

The club is composed of both senior high school and junior high school students. Mr. Timcheck, the sponsor, gives the members both guidance and counsel in their art work.

The Future Farmers of America is a club composed of boys enrolled in the Vocational Agricultural course. The organization is made up of three sections: shop work, class work, and projects pertaining to farm work. Each of these helps the members to familiarize themselves with the many recent developments in the agricultural world and to become a modern farmer acquainted with the methods and machinery necessary for a successful farm.

The club members attend various demonstrations given by other high school Future Farmers' Clubs in the surrounding area. At these demonstrations the members learn of many new ideas and methods which they can, in turn, apply to their own projects. Our club also sponsors these Future Farmers' demonstrations, which are attended by other club members from all over Fayette County.

FUTURE TEACHERS OF AMERICA

The Future Teachers of America Club is designed to help those who are entering the teaching profession to prepare themselves for a future in the field of education. Members are required to have a scholastic average of 2.5 and to participate in all club projects.

The club meets in the evening once every month and presents educational and enjoyable programs. Panel discussions, lectures, and various projects acquaint these future teachers with the problems and the satisfactions awaiting them as educators.

The club members acquire practical experience by substituting for the regular teachers when these teachers are not able to conduct their own classes because of a teachers' meeting or school program. One special project sponsored by the club this year was the collection of old Christmas cards, which were sent overseas to be used in missionary work.

SENIOR HIGH SCHOOL CHORUS

The Frazier High School Chorus is composed of approximately 75 members and is presently under the capable direction of Mrs. Jean Peckyno.

For their Thanksgiving Program the chorus gave an inspirational religious concert. Their songs of thanks put the student body into the real spirit of Thanksgiving.

Songs such as "Let It Snow" and "Winter Wonderland" added sparkle and delight to the Christmas Choral Program. Besides this, the Holiday Season also brought a deeper meaning to the Christmas concert. The central theme of the religious program was Christmas Eve in the town of Bethlehem.

The Spring Choral Concert, too, provided songs of enjoyment for all.

FRIENDSHIPS . . .

. . . which we have made and treasured throughout our high school years. High school is the last step in preparing a student to take his place in society, and it is here that his character is shaped by his teachers, studies, acquaintances, and extra-curricular activities. In years to come these pages will bring back memories of 1968's school days as we see our friends' photographs and the casual shots of school life at Frazier.

SENIOR CLASS

OF 1968

Treasurer:
Marian Kallok
Sergeant-at-arms:
Mike Kubina

The Senior Class this year is co-sponsored by Mr. Cramer, Mrs. Vockel, Mrs. Willson, and Mr. Yeash. The class activities for the year included a hoagie sale, a sled-riding party, a class party, an Easter candy sale, and a trip to Washington, D.C.

The hoagie sale, which was held in November, was a big success. Class members took orders for the sandwiches; and on a Saturday morning in the high school cafeteria, an assembly line procedure was set up which enabled the class to make over 1,000 hoagies.

On January 6 a sled-riding party was held on Erdely's hill. Despite inclement weather, the members who attended could warm themselves by the bonfire of Christmas trees. A snowball battle ended a night of fun for all.

The class party was fashioned after the New Orleans's Mardi Gras with everyone dressing in costumes representing fictional or nonfictional characters. Prizes were awarded for the best costumes. Further entertainment was offered by the crepe suzette—eating and dancing contests. Raymond Phillips and Sandy Seman were crowned king and queen of the party.

At the end of February and through the month of March, the Easter candy sale was conducted to help finance the annual Senior Class excursion to Washington, D.C., which was taken in early May. At 11:30 P.M. on Wednesday the class left Connellsville depot to arrive in Washington early Thursday morning. All day Thursday the class toured fifteen national shrines. That night some very tired and sleepy Seniors boarded the train back to Connellsville, arriving home early Friday morning.

Baccalaureate Services were held on May 26 at four o'clock. The big day in every Senior's life, Graduation Day, was May 29. This, the final day of high school, was a day of anticipation for all Seniors as they left these familiar halls to step into a bright and beckoning future.

WITHIN
THESE
DOORS . . .

. . . IS THE

JUNIOR HIGH . . .

. . . where the seventh, eighth, and ninth grade students are learning to adjust to the routines of a larger school. It is here that students become accustomed to the new experiences of changing classes, taking part in competitive sports, and making many more friends. Attending junior high school is a very big step in every student's education for it helps him open the doors of senior high school and prepare him for the even more demanding schedules found there.

AS THE DOORS TO THE JUNIOR HIGH SCHOOL OPEN . . .

... WE SEE STUDENTS ...

...GAINING KNOWLEDGE...

...AND ALSO
HAVING FUN!

The door of the future opens before us—the entranceway to the world of adulthood and responsibility. We, the class of 1968, have finished our high school years and stand on the threshold of tomorrow. It is our hope that the many lessons we have learned at Frazier will help us as we strive for accomplishment and achievement in the years ahead.
